**Important Information:**

Tours are held from 9 am to 10 am. Tours and observations do not take place during testing months of October, April and May. Please see specific dates listed above.

Please contact the Resource Coordinator to register for a tour and/or observation. The tours will be conducted by the school's Leadership Team.

Please come on time for the tour and/or observation. Late arrivals will have to reschedule. Please park in the church parking lot across the street from our school and enter the front main doors of the school building to meet one of the Leadership Team members in the main office.

Tours and observations are adult only. If you would like your child to get a feel for the school, you are more than welcome to attend community events that are open to perspective families like the Family Art Nights.

Please do not interact, ask questions of the students, or ask to see specific student work while observing classroom instruction so that it does not interfere with the academic instruction.

The Resource Coordinator will link you to the appropriate staff and/or parent representative in the school building if you have any follow up questions after the tour and/or observation.

All requests must be submitted to the Resource Coordinator no later than 1 week before the tour.
