

Cincinnati Public Schools Family Engagement Pledge

As a parent, family member, guardian or caring adult, I hereby pledge to spend at least 10 minutes per day talking with my student about school, including what my student is learning in class, what good things are happening at school, and how I can help and be involved.

I also commit to maintaining consistent contact with my student's teachers and/or school team to support my student's academic success. I recognize that because I am an important partner in my student's lifelong success, I am empowered to speak up when necessary.
