January 27, 2021

To Our PRM Families:

As our students return to the classroom for blended learning, the PRM Instructional Leadership Team (ILT) has decided that PRM will offer a school-based remote option. For these students, instruction will be presented according to the method described for each age-level team below:

Ages 3-6 Teachers will create individual plans to meet the needs of students and their caregivers who will support them remotely. This will include but is not limited to, recorded video lessons in ELA, Math, Science, Geography, and Art. Follow up work will be provided through the PRM packet exchange. There is no tuition adjustment for PreK families selecting this option.

Ages 6-9 Teachers will develop a distance learning model that best fits their students. Teachers will provide pre-recorded videos/digital material for students to complete. They will also receive packets that align with the in-classroom work.

Ages 9-12 Each partner team will develop a distance learning model that best fits their students. Teams will choose either asynchronous work packets aligned with in-class instruction, pre-recorded lessons, and/or streaming classes synchronously.

Please know that this is our best effort to keep our students and families connected to PRM who do not feel safe returning to school at this time. It is incredibly challenging and a huge undertaking for our teachers to offer these options. **You must confirm your selection of this option with your child's homeroom teacher by Friday, January 29th.**

For those families not in agreement with what we are offering, we ask that you enroll your student in Cincinnati Digital Academy **prior to February 1, 2021.**

Thank you for your support and patience as we determine the best way forward for our school community during these challenging times. Please contact the main office at 513-363-4400 if you have any questions or concerns.

Sincerely,

Amber C. Simpson
